

Dispose of a mobile home, camper trailer, camper, modular home

Expectative Summery – An outline with contact inform on how to dispose of a mobile home, camper trailer, camper, modular home and who to contact to simplify and answer questions. Hereafter called (HOME).

Preparation –

Asbestos Inspection - Bingham County can accept manufactured homes without an asbestos inspection as long as the removal is not part of a commercial development. The term commercial development would include land intended for residential development. If the trailer home is not privately owned and lived in for that purpose the HOME will have to be inspected for asbestos by a certified asbestos inspector. For the HOME to be accepted an inspection report shall be given to the landfill attendant. – See Asbestos Addendum

Title - The title for the home will have to be signed and delivered to the

landfill attendant showing the legal owner has released all interest and rights for the HOME minimum of five (5) days prior to bringing the HOME to the landfill or the Central Transfer Station (CTS)

Remove - Remove the following items.

- 1) All furniture
- 2) Refrigeration Units
 - i. Air conditioners that contain Freon
 - ii. Refrigerators
 - iii. Deep Freezers
- 3) Carpeting and pad
- 4) Florescent lights (tubes and ballasts)
- 5) Thermostats

Prior Arrangements - Make arrangements at least one week in advance with the facility that you choose to take your home to.

Transportation of HOME

Towing:

- 1) Make sure the vehicle is worthy of being pulled on the road

- 2) The truck and or trailer is licensed to tow the vehicle
- 3) Pulled during daylight hours
- 4) Pilot vehicles are used

Hauled:

- 1) Some vehicles are not road worthy and need to be hauled
- 2) Make certain the trailer and pieces of the trailer are secured
- 3) HOME does not need to be licensed if hauled
- 4) Some recycling companies have equipment to be able to load and haul HOMES

Choices of Location

Aberdeen

- Can accept small pickup campers and small trailers. Larger single-wide's etc, need to be taken to one of the other sites.

- Only the shell can be accepted in the landfill area. With the removal of all the following:
 - Asbestos
 - House Hold Waste – all (MSW), personal items including but not limited to. Personal belongings, furniture, clothing, food, containers, (including empty containers), oils, household chemicals, household hazardous waste, ... anything you can buy at a large department store.
 - Carpets, carpet pads, mattresses, any fabric or material that can hold or retain moisture or a liquid.
 - Refrigeration units – AC, freezers, refrigerators
 - Fluorescent Light ballasts, tubes, thermostats, air conditioners. (swamp coolers are OK to leave)

- House hold items can be left in the HOME
- Carpets, carpet pads, etc can be left in the HOME
